

## **CASE STUDY**

STL scaled their business with V-Office

# About STL

**STL** is an Engineering & Manufacturing Organization Supporting Aerospace companies World Wide. It is an entity with Manufacturing and Engineering Expertise established to support OEMs and its vertical supply chains as an Integrated Value Chain Organization. STL manufacture and supply tooling & mechanical assemblies, precision components for companies across Aerospace, Defense and Oil & Gas sectors.

V-Office has been instrumental in helping us managing our operations and scaling the Business. We are embarked on a journey of achieving high performance culture & delivery excellence by implementing transformational practices through V-Office.

**MR. Abhiraj**

**CEO of STL**

# GROWTH & IMPACT

**49% reduction**  
in time leakage

**41% better**  
Capacity optimization

**500 FTE**  
Productivity gain in an year

# Results That Speak Volumes

- ▶ **STL** , was challenged with lower operations efficiency and productivity. Business leadership also faced difficulties in accessing real time insights on operations effectiveness and business performance. They were challenged with lower operations efficiency and productivity. Business leadership also faced difficulties in accessing real time insights on operations effectiveness and business performance. They were losing billable revenue due to sub-optimal employee productivity. V-Office is compliant with regulations across industries and geographies. As a result it was easy to be deployed seamlessly and quickly across several departments in the organization. Billability increased and individual project ID level targets allowed optimization and scalability.
- ▶ With a single tool, we were able to see the following results-
  - ▶ 500 FTE Productivity gain in an year
  - ▶ 49% decrease in time leakage
  - ▶ 41% better capacity optimization
